Mary-Wife
Catharine-Margaret-Daus.
William-Son
S. H. Reed-Exec.
Calvin Hoyt-Henry Kellogg-Wits.
Thaddeus Fancher-Henry Kellogg-Abram Long-Secs.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations

which are satisfied by the functions u_i and v_i in the domain G of the plane.

2. In the second part we consider the case when the functions u_i and v_i are assumed to be continuous in the domain G and to satisfy the boundary conditions

on the boundary Γ of the domain G .

3. In the third part we consider the case when the functions u_i and v_i are assumed to be continuous in the domain G and to satisfy the boundary conditions

on the boundary Γ of the domain G .

4. In the fourth part we consider the case when the functions u_i and v_i are assumed to be continuous in the domain G and to satisfy the boundary conditions

on the boundary Γ of the domain G .

 Rudolph Snyder- John Loveland-Wm. Gibbons-Apprs.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the statistical analysis performed.

3. The third part of the document presents the results of the study. It includes a series of tables and graphs that illustrate the findings of the research. The data shows a clear trend of increasing activity over time.

4. The fourth part of the document discusses the implications of the findings. It suggests that the results have significant implications for the field of study and may lead to further research in this area.

5. The fifth part of the document provides a conclusion and a summary of the key points. It reiterates the importance of the study and the need for continued research in this field.

Edward Baker-Alvah Adeil-Presby Gilson-Wits.

1. The first part of the paper

is devoted to the study of the

properties of the

function $f(x)$ defined by

$$f(x) = \sum_{n=0}^{\infty} \frac{a_n}{n!} x^n$$

where a_n are the coefficients of the power series

and x is a real variable. It is shown that

the function $f(x)$ is continuous and differentiable

for all values of x . The derivative of $f(x)$ is

given by the formula

$$f'(x) = \sum_{n=0}^{\infty} \frac{a_{n+1}}{n!} x^n$$

which is the same as the original series with the index shifted by one unit.

1. The first part of the report
deals with the general
principles of the
theory of the
relativity of
simultaneity.
It is shown that
the time of an
event is not
absolute, but
depends on the
state of motion
of the observer.
This is done by
considering the
time of travel
of light from
the event to the
observer.

2. The second part of the report
deals with the
principles of the
theory of the
relativity of
lengths. It is
shown that the
length of an
object is not
absolute, but
depends on the
state of motion
of the observer.
This is done by
considering the
time of travel
of light from
the ends of the
object to the
observer.

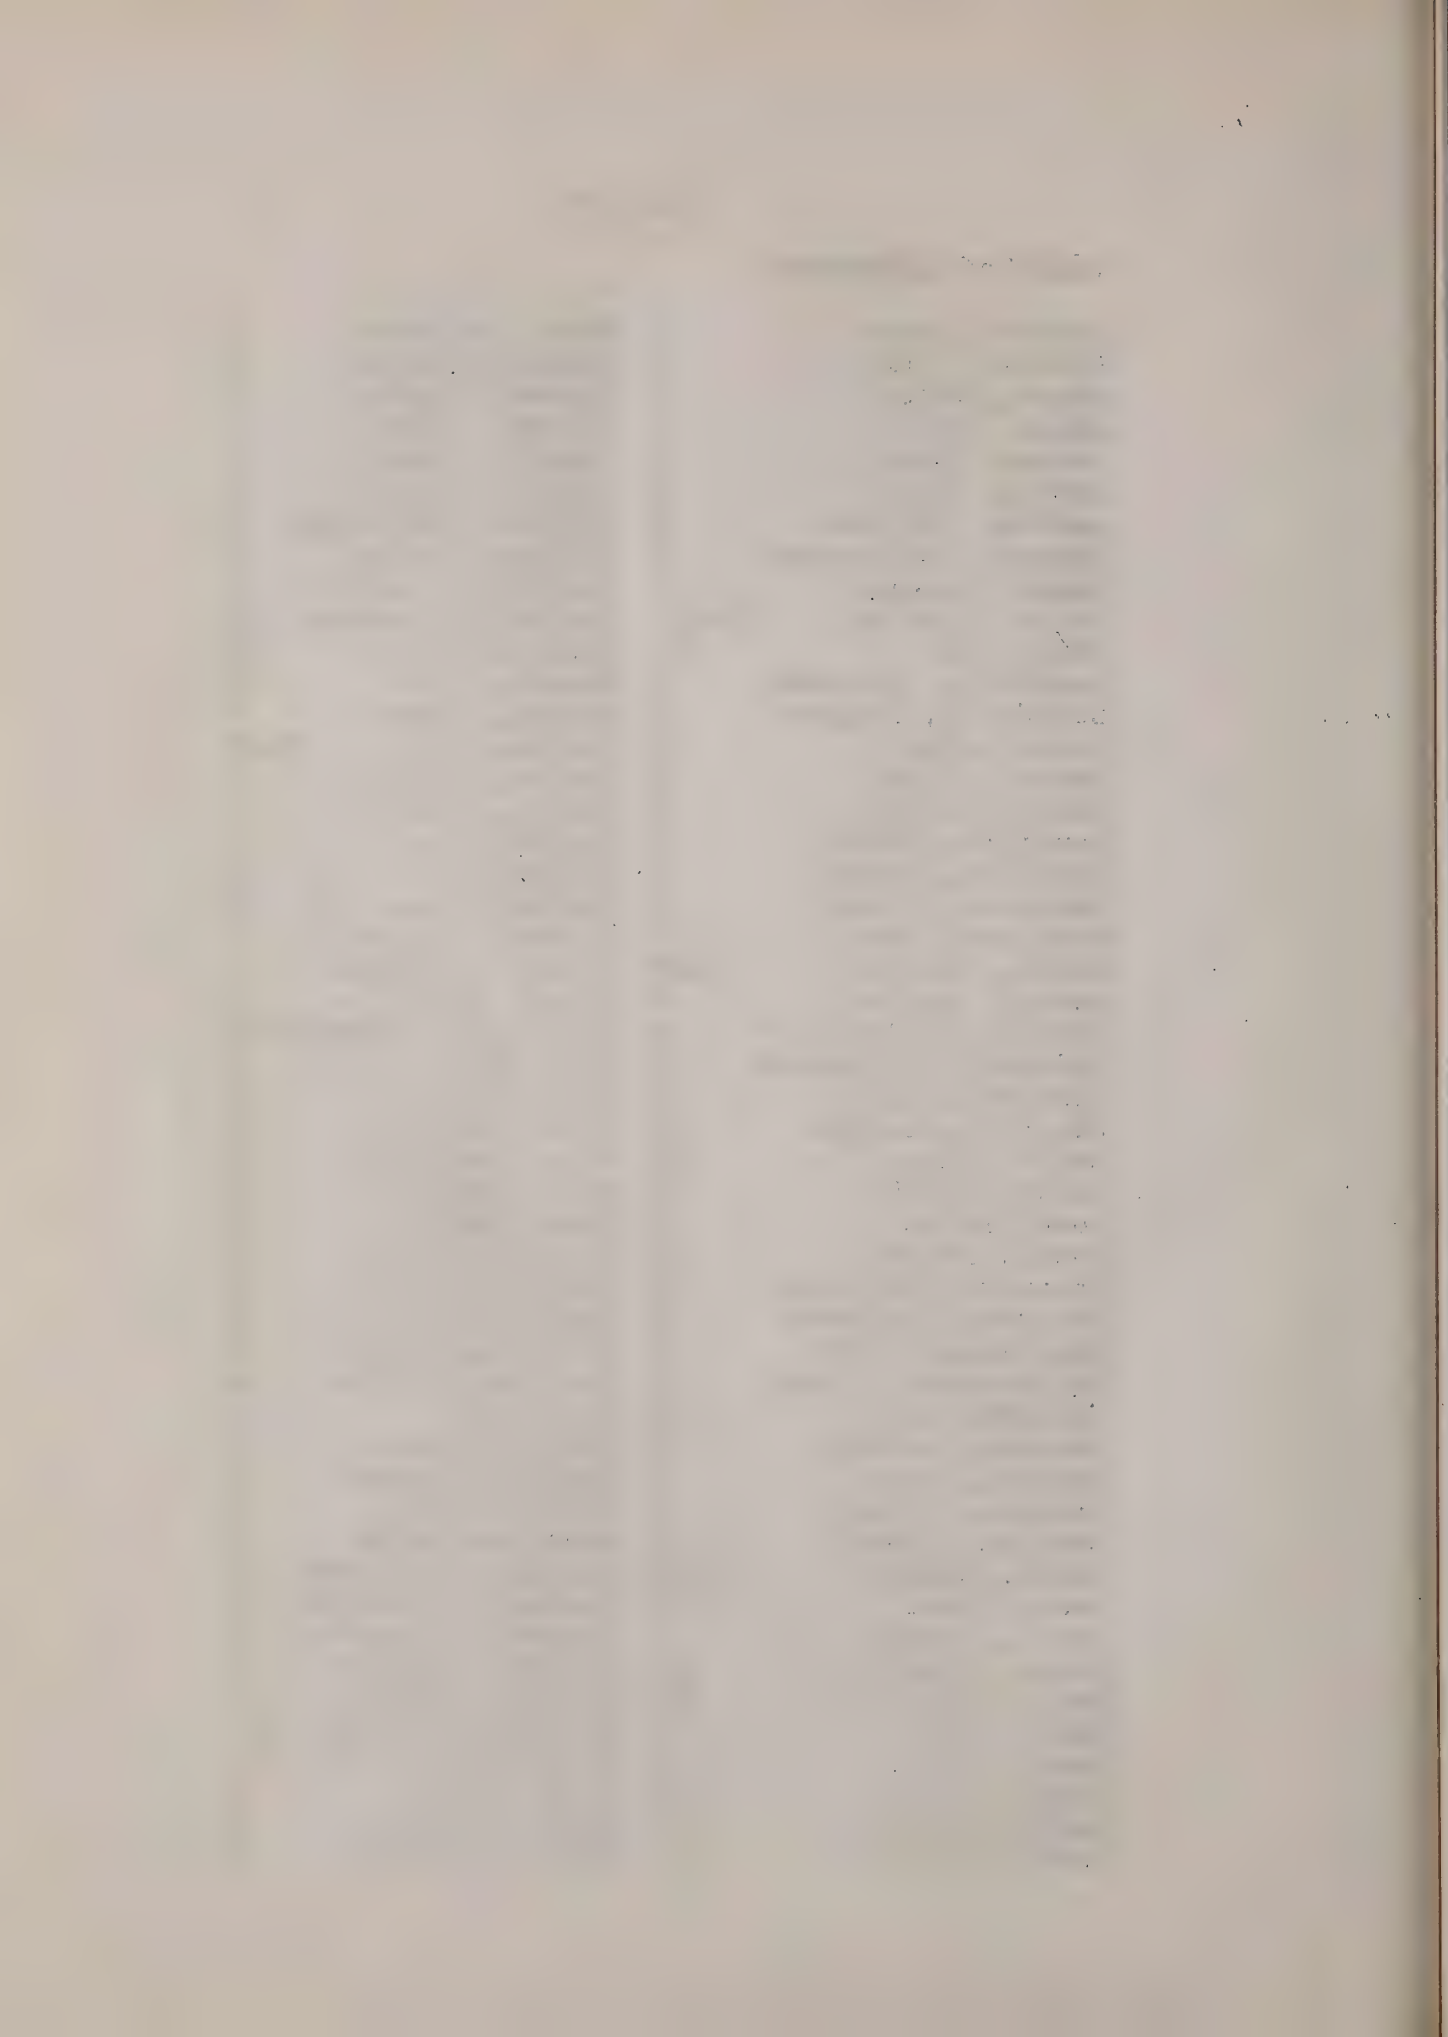

3. The third part of the report
deals with the
principles of the
theory of the
relativity of
mass. It is
shown that the
mass of an
object is not
absolute, but
depends on the
state of motion
of the observer.
This is done by
considering the
time of travel
of light from
the mass to the
observer.

4. The fourth part of the report
deals with the
principles of the
theory of the
relativity of
energy. It is
shown that the
energy of an
object is not
absolute, but
depends on the
state of motion
of the observer.
This is done by
considering the
time of travel
of light from
the energy to the
observer.

1. The first part of the paper
deals with the general theory
of the subject.
2. The second part of the paper
deals with the special theory
of the subject.
3. The third part of the paper
deals with the application
of the theory to the subject.

4. The fourth part of the paper
deals with the conclusion
of the subject.
5. The fifth part of the paper
deals with the summary
of the subject.

6. The sixth part of the paper
deals with the appendix
of the subject.
7. The seventh part of the paper
deals with the index
of the subject.

8. The eighth part of the paper
deals with the bibliography
of the subject.

9. The ninth part of the paper
deals with the list of
figures of the subject.

10. The tenth part of the paper
deals with the list of
tables of the subject.
